Home Group: _____

Mail to:
Mock Conference
Pre-Registration
417 S Huron St
Ypsilanti, MI 48197

Note: Background material cannot be mailed. We will email it if you provide a legible email address.

The Michigan Mock Conference purpose is to simulate the General Service Conference held each year in New York. It is intended to help both you and your Delegate to better understand the Conference week, committee work, and floor procedures used.

Attendees are treated just like incoming Delegates. Upon registration, you will be assigned to one of nine committees and provided with three agenda items for your assigned committee to consider, along with the associated background material. The agenda item and background material are actual reproductions of the 2019 Conference material your area Delegate receives.

--- fold ---

Each of the nine Conference Committees will discuss the agenda items in the morning and develop a consensus on what to recommend to the Conference. Your committee chair will report those recommendations to the entire Mock Conference body during the afternoon session where we all will endeavor to determine what action (or lack of action) is in the best interest of the fellowship.

Background

The annual Conference began in 1951. This year in May 2019, the sixty-ninth Conference "panel" will meet in New York City.

The Michigan Mock Conference is a function of the Statewide General Service Committee comprised of three service areas 32, 33 and area 34. Our 7th Tradition provides this opportunity for us to better understand a major portion of what our Conference Delegates participate in on our behalf.
