

## District 26 Unity Council Meeting Hale Mi 6-17-2017

Meeting open @ 10:00am

We had a guest Peter G Area Register Central Michigan Area 32

Peter brought up some interesting things about how we register group's. He said that he talked with NY and ask why some group's cannot register with just a contact number. We talked about it because we are trying to keep meetings registered with NY. They have members and ask for people to step up and do service work. This is a question that we need to address.

He also brought new group forums, We are trying to get the meetings and members to be part of the meetings registered, so please mention at the group's level the importance of service work.

AA is not just a group, Maybe we can talk more about it in our group's. Thank you

10:15 The floor was brought back to the Group's and members
